Data Platform

Just so you know...

The Challenge

Attaching Flows

Action	Bikes_Flow_1
Location	Street ×
Num_Bikes	No_Bikes ×
Edit action Test action	

Data in Power Automate

 **New custom action**

Follow these steps to create a custom action that activates a Power Automate flow. [Learn more](#)

Step 1: Define custom action

Action name * 

Input fields 

Location

Num_Bikes

Add

Step 2: Copy connection string

Connection string 

✓ Copied

Paste this connection string in Power Automate flow builder

Step 3: Design and save Power Automate flow

 Open flow builder

Not now

Done

Setup

```

If you have any questions or feedback on Activator, please share it on <https://aka.ms/ActivatorCommunity>.

BIKE CAPACITY WARNING

Too many bikes have been detected at this location.

 **21 bikes**

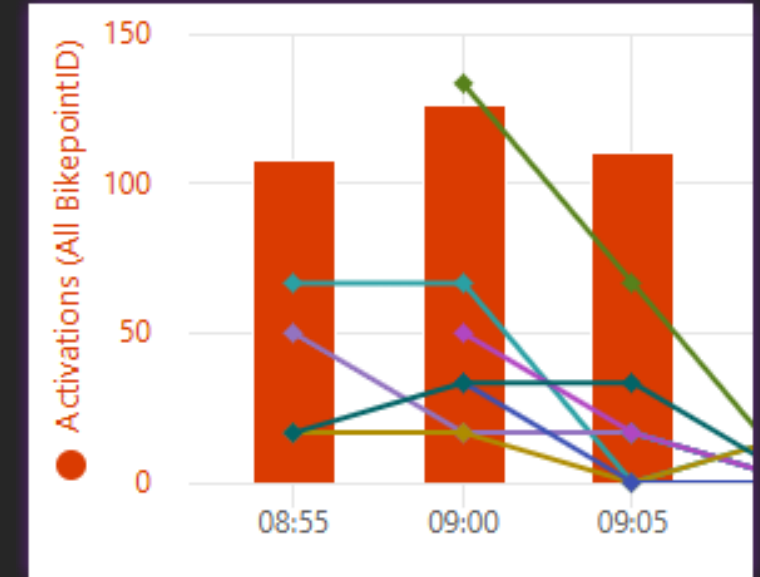

Street	Flood Street
Region	Chelsea
Detected	2026-09-23T11:16:20.3580000Z

 **Action may be required to rebalance bikes at this location.**

Be Aware

Don't add technical debt that is not required.

Easy to create 1000s of activations

⚠ Recipient Throttled: The alert recipient is receiving too many messages from Fabric Activator. Change the rule definition to activate less often. [Learn more](#)
